December 10, 2009

Dear: To whom it may concern,

It is a genuine pleasure and honor for me to recommend BulletProof Securities Inc. Parsons subcontracted the services of BulletProof Securities for the past year for guaranteeing the safety of our teams involved in the Military Munitions Response Prioritizations Site Inspections Program sites near the Mexican borders. I have had the distinct privilege of being in the field with the security teams provided by BulletProof Securities in the deserts of Arizona and New Mexico.

BulletProof Securities quickly established themselves as one of the most competent and professional firms I have personally been involved with, from conducting pre-reconnaissance of our bombing targets to a full range of site surveillance. Team members of BulletProof have always shown a wealth of knowledge and training while conducted our bombing range inspections. BulletProof Securities conducted a well laid out plan each and every time Parsons has called upon them for security support. BulletProof Securities have always gone above and beyond all of our expectations.

I would like to be very clear about why Parsons keeps going back to hiring BulletProof Securities. BulletProof Securities has always been goal oriented as well as team players, they have always been punctual and very devoted to their work and yet easy going making them enjoyable to work with.

In closing, let me say I have no hesitation in recommending BulletProof Securities for any level of security. I am confident they would be an asset to any organizations security needs.

Sincerely,

Jeffrey Ulmer
MMRP SI QA/Resource Manager
