Scottsdale, AZ 85260

Dear Tom,

I wanted to thank you for the corporate protection services that you provided to our Company on our most recent trip to the USA/Mexico border. The professionalism of you and your team made us feel quite at ease in a possibly dangerous situation. Just knowing that you were all there made our customers take a “different look” at us, as a very serious company concerned for its employee’s safety and well being.

I would highly recommend your companies service to anyone who needs the added protection and piece of mind. Our company will certainly use your services in the future.

Sincerely,

Sheldon E. Richardson
President and CEO
